

AMENDMENTS TO THE DRAWINGS

Applicant submits replacement Figures 1-6 including amended Figures 1 and 4.

The office action objected to the drawings because figure 1 should be labeled as prior art, figure 4 contains two  $I_{cap}$  annotations and these two do not represent the same thing, figure 4 is not a transistor representation of figure 3, and the drawings do not show a predriver coupled between the capacitor and the first driver amplifier.

The attached sheets of drawings include changes to Figures 1 and 4. These sheets, which include Figures 1 and 4, replace the original sheets. Figure 1 has been labeled "Prior Art". Figure 4 changes the " $I_{cap}$ " annotation to  $I_{cap1}$  and  $I_{cap2}$ . Figures 1-6 should be in a formal drawing state.
